The comic and tragic events of Charlotte's life - her defiance of convention. They are well trained as well as provided with entertainment license. I liked the concept -- it's not just an unreliable story-teller, the protagonist and antagonist are really the same person when you think about it. What she desired most was a loving husband, children and a life filled with precious memories that would comfort her through her golden years. As possibility for further study, we consider the generalization of the network to a larger class of physics problems by the addition of nodes, long and short-term memory.
