Infection Prevention and Control in Healthcare, Part II: Epidemiology and Prevention of Infections, An Issue of Infectious Disease Clinics of North America, E-Book: 30 (The Clinics: Internal Medicine)

The suspenseful escape of the determined crew is celebrated with beautiful artwork and insightful prose, detailing the true account of an unsung American hero. I am inspired to try this ancient skill of natural dying at home, experimenting with different flowers or vegetables to see the colours they reveal.

Money Myths: The Path to Your Financial Freedom

A startup facing a very diverse set of challenges - for example, designing a complex medical device, developing and testing it and securing enough venture capital to engage in such a lengthy and risky process securing patents, complying with complex federal regulations, creating a marketing and sales plan, navigating among tough and successful competitors, convincing hospital administrators to use the device and insurers to cover it, supporting the product, preparing for legal liabilities, upgrading the product, and so on - probably needs multiple cofounders, while a solo founder may be enough to start a medical-device distribution company.
